

REMARKS

An Application Data Sheet has been provided as suggested by Examiner to provide the city and state of the Applicant which was missing from the declaration.

Applicant has modified all of the claims as suggested by Examiner and has retyped the specification correcting grammatical errors which are shown in an attachment labeled "Marked-Up Version". Examiner has stated that Claims 1-8 and 10 and 11 are allowable.

Summary

For all of the above reasons, Applicant submits that the present invention as currently claimed provides an important, invention, not disclosed or suggested by the prior art. Applicants respectfully requests that all of the outstanding claims (namely claims 1-8 and 10 and 11) be allowed and to application be allowed to issue as a patent.

Respectfully Submitted,

John R. Ross
